Laura Weiler
Graduate Student, Department of Chemistry, Stanford University
lweiler@stanford.edu, Google Scholar

EDUCATION

Ph.D. Chemical Physics **September 2022 – present**
Stanford University, Stanford, CA

Bachelor of Science in Physics with honors & **August 2018 – May 2022**
Bachelor of Arts in Computer Science **GPA: 3.74 (4.0 scale)**
University of Iowa, Iowa City, IA

RESEARCH EXPERIENCE

Graduate Research Assistant **August 2022 – present**
Department of Chemistry, Stanford University, Stanford, CA
Advisor: Prof. Todd Martínez

Undergraduate Research Assistant **May 2019 – July 2022**
Department of Chemistry, University of Iowa, Iowa City, IA
Project: Exploring machine learning for interactions in metals
Advisor: Prof. James Shepherd

Undergraduate Research Assistant **January – May 2020**
Department of Computer Science, University of Iowa, Iowa City, IA
Project: Exploring greedy and parallel variants of bio-inspired optimization algorithms
Advisor: Prof. Suely Oliveira

AWARDS AND FELLOWSHIP

Stanford Graduate Fellow (2022-2026) **March 2022**
Department of Physics and Astronomy James A. Van Allen Award **November 2021**
ACS Division of Physical Chemistry Award **May 2021**
Iowa Center for Research by Undergraduates Research Fellow (2021-2022) **March 2021**
Vice President for Research Excellence in Undergraduate Research Award **March 2021**
Best Poster Award APS Prairie Section Meeting **November 2020**
Iowa Center for Research by Undergraduates Research Fellow (2020-2021) **August 2020**

PUBLICATIONS

7. Zhang, J. H., **Weiler, L.**, Cruzeiro, V., Unzueta, P., Martínez, T. J. (2023). Improving the efficiency of fragmentation methods by exploiting larger fragment sizes. In preparation.

SELECT PRESENTATIONS

4. **Weiler, L**. Mihm, T., Shepherd, J. J. *Machine learning for correcting finite-size errors in coupled cluster correlation energies*, presented virtually at the American Chemical Society Fall meeting 2021

3. **Weiler, L.**, Mihm, T., Shepherd, J. J. *Applying Neural Networks and Gaussian Process Regression to the Transition Structure Factor*, presented virtually at the American Physical Society March Meeting 2021

2. **Weiler, L.,** Mihm, T., Shepherd, J. J. *Using Gaussian Process Regression to Integrate the Transition Structure Factor Curve for the Many-Body Correlation Energy*, presented at the American Physical Society Prairie Section Meeting 2020, hosted by Illinois Institute of Technology, Chicago, IL

1. **Weiler, L.**, Mihm, T., Shepherd, J. J. *Machine learning algorithms for the coupled cluster correlation energy in the uniform electron gas*, presented at the Virtual Conference on Theoretical Chemistry (VCTC) 2020, hosted by Stanford University, Stanford, CA

TEACHING EXPERIENCE

Teaching assistant: ***General Chemistry 1&2*** **Summer 2023**
Department of Chemistry, Stanford University, Stanford, CA

Splash instructor: ***Learning Chemistry with Virtual Reality*** **Fall 2022 & Spring 2023**
Program for high school students hosted by Stanford University, Stanford, CA
